

PRESCHOOL NEWSLETTER

Week of November 5th

This school year is flying by as we head into November! This week we will be learning about different types of transportation. We will talk about land, water, and air transportation while doing fun art, math, and literacy activities.

REMINDER

- As the weather gets colder, we will start having shorter morning recesses and our circle time will start earlier. Please try to have kids here before 9am to join us before we start circle time to ensure less distractions and easier transitions. Thank you!

Snack- We love having cupcakes and cookies for snack and birthdays, but since we had an abundance of sweets during Halloween week, we would love to see more vegetables, fruits, and proteins in our morning snacks.
