

September Newsletter

WEEK OF SEPTEMBER 14th

This week we did many apple activities. The kids can tell you the parts of the apple. They loved making apple treats and would love if cooking was everyday. See if the kids can sing the parts of the apple song to you.

Next week, we are learning about bears. Kids are welcome to bring a bear to live at the school for the week. Please bring a bear that your child doesn't mind staying at the school overnight. We will be doing fun activities with them throughout the week. On Friday, we will have a teddy bear picnic.

A few reminders:

- Please send or bring a family photo to me. Shelly would like to do a virtual book with all the open school families. When you send me a photo – can you write up a little blurb about your family and who is in the photo, for the virtual book.
- Thank you for labeling items – it is helping.
- Please watch weather and send kids with appropriate attire. We go outside if it is above zero. We may just go out for a few minutes, but it is much more comfortable if the kids have the right clothing.
-

Dates to remember:

- September 28th No school – Staff Development
